

HOME IS HERE

The word 'Home' means different things to different people. For some home is the centre of the world, a place of order amidst the external chaos while for others it is the sense of belonging.

On 26 January 2020, come and celebrate Australia Day with The Cultural Historical Association of Rodriguans and Mauritians In Victoria Inc. at the Balla Balla Community Centre, Berwick-Cranbourne Road, Cranbourne East and be a part of our community art project "Home is Here". Project conceived by Sohail Yamin.

Participants will have the opportunity to be photographed and share their concept of home, both of which will become part of the mural that will be displayed at the centre.

Gifts, lollies and much more!
